## Software Developer

I'm a versatile full stack developer with hands-on experience in various technologies. From crafting responsive front-end interfaces to building robust back-end systems, I enjoy the process of transforming ideas into functional applications. I also have a keen interest in machine learning, which allows me to apply data-driven approaches to solve complex problems and gain valuable insights from data.

## Work Experience

- Didn't worked yet
  - I was hired by an unknown company for three days of work.
  - Freelancer

## Higher Education & Schooling

- Indian Institute of Information Technology, Surat
  - Bachelor of Technology (B.Tech) in Computer Science and Engineering
  - My current CGPA is 6.25, and I acknowledge that my academic performance has not been as strong as I would have liked. However, I have dedicated a significant amount of time and effort to honing my development skills, which I believe can compensate for my academic performance.
  - Expected Graduation: July, 2024
- Sri Chaitanya Junior College , Ameenpur
  - Mathematics , Physics & Chemistry ( MPC )
  - I achieved a percentage of 91.8% in my intermediate exams, and my experiences in college have helped me learn a lot, making science and mathematics much more enjoyable for me.
  - Graduated: March, 2019
- Krishnaveni Talent School, Warangal
  - Secondary Schooling
  - I achieved a GPA of 9.2 in my secondary school exams, and my experiences in college have helped me learn a lot, sparking my interest in technology.
  - Graduated: April, 2017

## Programming Skills and Abilities

- Languages
  - C and C++, JavaScript, Typescript, Python and Java
- Front-end
  - HTML, CSS , Tailwind CSS, React.js and Next.js,
- Back-end
  - Node.js, Express.js and Python Flask
- Database
  - MongoDB, MySQL
- Cloud Computing
  - Google Cloud and Digital Ocean
- Version Control
  - Git, GitHub and GitLab
- Machine Learning
  - Scikit-Learn

## Languages

Telugu  
*Native*

English  
*Proficient*

Hindi  
*Conversational Understanding*

## Interests & Hobbies

🎮 **Play Games**  
I enjoy both indoor and outdoor games, especially chess

🔧 **Hacking**  
I'm just a script kiddie, but I do possess significant hacking knowledge.

🎧 **Listening Songs**  
I enjoy listening to songs while programming.

📖 **Reading Books**  
I occasionally browse books related to science.

## Projects & Stats

- **TRUECALLERJS**
  - TruecallerJS is built to simplify the process of fetching phone number details. With this library, you can easily integrate Truecaller functionality into your Node.js, JavaScript, and TypeScript applications.
  - Stars : 300+
  - Downloads : 50k downloads
  - <https://github.com/sumithemmadi/truecallerjs>
- **TRUECALLERPY**
  - TruecallerPy is a Python package that provides functionalities to interact with the Truecaller API. It allows you to perform login, OTP verification, and phone number search using Truecaller.
  - Stars : 70+
  - Downloads : 20k+
  - <https://github.com/sumithemmadi/truecallerpy>
- **CODING PLAY GROUND**
  - A coding playground is a virtual environment or platform where developers can write, test, and experiment with code
  - Stars : 2
  - <https://github.com/sumithemmadi/coding-playground>
- **JSON TO PLAIN TEXT**
  - json-to-plain-text is a npm module that converts JSON-like data or plain JavaScript objects to a formatted plain text representation. It allows you to convert JSON-like data or plain JavaScript objects into human-readable format.
  - Starts : 11 stars
  - Downloads : 50K+
  - <https://github.com/sumithemmadi/json-to-plain-text>
- **BHIMUPIJS**
  - Bhimupijs is a lightweight npm module that provides functionalities to validate, verify, and generate QR codes for UPI IDs (Unified Payments Interface). It aims to simplify the process of working with UPI handles, making it easy to perform checks and generate QR codes for payment transactions.
  - Stars : 26+
  - Downloads : 7K+
  - <https://github.com/sumithemmadi/bhimupijs>
- **TOR ONION SERVICE ON HEROKU**
  - Host Tor v3 Hidden Service in dark web using heroku
  - Stars : 34
  - <https://github.com/sumithemmadi/Tor-Onion-Service-On-Heroku>

## Certifications & Training

- Didn't get any certificate of training .

## Achievements

- Didn't get any Achievement

## Conclusion

As a dedicated developer, My passion for coding and problem-solving, coupled with a commitment to staying current with emerging technologies, positions me as a valuable asset. I'm excited to leverage my skills to drive innovation at you."
